Grayling Wins Pair of Games Last Week

Vikings At Boyne City Friday; East Jordan Game Snowed Out

The Grayling Viking, East Jordan game scheduled here Tuesday was cancelled because of adverse weather conditions. The game is to be made up next Tuesday, February 17th. Grayling is to travel to Boyne City on Friday to meet the Ramblers in a Northern Class C conference game.

Last week proved a good one for Grayling as they triumphed over Traverse City last Saturday night by a 55 to 50 score and then traveled to Harbor Springs for a conference Friday night and emerged winners by a tight score of 57 to 55.

In other conference action Friday night, the Pellston Hornets upset their longtime loop record as they dumped the Gaylord Ice Devils by the surprising score of 68 to 47. Charlevoix continued their win streak with a 47 to 43 victory over the East Jordan Red Devils and the Boyne City Ramblers collected their first conference win, 56 to 54, over Mancelona.

Loop battles this week will find Harbor Springs at Charlevoix, Gaylord at Mancelona and Boyne City at Pellston on Tuesday night. On Friday night, Pellston will be at East Jordan. Charlevoix, Gaylord and Mancelona at Harbor Springs. This week's action could bring a big change in the standings.

Tuesday night, the Vikings jumped out to a 9 lead over the Gladiators in the first period with each team hitting for 14 in the second period to leave Grayling ahead 25 to 22 at intermission time. The green and white added 16 points in the third period to the visitors' 11 to wrap up the game. St. Francis got 17 to Grayling's 14 in the final canto.

The victory was a real team win as the scoring was the best balanced of the season. Roger Hatfield with 15 points paced the offensive surge with three other players hitting in the double figures. Frank Gross had 11, and Jack Hull and Joe Robertson 10 each. Oscar Hanson was just a point behind with 9. Yorker with 12 was high for the Gladiators.

World Day Of Prayer

Another Lenten season has arrived, and with it, another World Day of Prayer, an observance which has a long and inspiring history; the Presbyterian women in the United States appointed a day of prayer for home missions as long as 1887. In 1889 Catholics followed suit, and in 1900 the United Methodist women appointed a day of prayer for foreign missions, and for some thirty years these two observances existed separately. However, in 1929, one day was set for united prayer for both home and foreign missions in the United States. Canadian women joined the observance in 1920, and by 1927 it was extended to many foreign lands. Last year was recognized in 145 geographical areas abroad, and in more than 20,000 communities here in the United States.

The purpose of this day of prayer is to unite all Christians in a bond that has no denominational limits, giving individuals an opportunity to unite in a worldwide fellowship and to witness to their belief in the power of prayer. Also, in the United States, to make an effort for interdenominational mission projects.

The first service of the day is held on the Tonga Islands, the last on St. Lawrence Island, Alaska. Locally, the observance is held in different churches each year. This year it will be at the Michelson Memorial Church at 2 p.m. Friday, February 13, under the direction of Mrs. Stanley A. Stealey. The service on the theme, "Lord, I Believe," was composed by a committee of nine Egyptian women representing graduates of French, English and American mission schools.

The Children's Service will be conducted at the new Children's Chapel, Michelson Memorial by the Light Brigade girls. The children's theme is "Trust in the Lord with all Thy Heart," and starting immediately after school, will be concluded by bus-time.

SPORTSMEN ASK MORE DONATIONS FOR DEER

The Grayling Sportsmen Club is urgently requesting a greater response in support of their deer feeding program. They have canisters for contributions in the various stores, and the need for supplemental feed for the deer is greater this year than it has been for many years. The snow depth is up to an adult deer's belly, and it is very difficult for them to travel or to paw the snow away from ground level feed.

Mr. and Mrs. Russell Hallinger spent Saturday in Gaylord, on business.

Eagles, Eaglets Lose 2 Games

The Frederic Eagles and the junior varsity had a tough week of it last week as they each lost two basketball games. This week, a make-up game with Alba is scheduled for Tuesday night at the Frederic gym but no contest is listed for Friday night this week. A slated Junior High and Girls games with Rapid City last Wednesday had to be cancelled when the Frederic school bus became stuck and refused to run as it should.

Tuesday night, the Eagles dropped a close decision, 39 to 36 to Ellsworth that was decided in the final thirty seconds. Frederic took a slim 13 to 12 first period bulge but was buried with a 10 to 3 second quarter that left them trailing 22 to 16 at intermission time. The Eagles blasted back with a 11 to 3 third frame to lead 27 to 25 going into the final quarter. Ellsworth rang up 14 points to Frederic's 9 to win the game 36 to 24.

Bill Johnson, with 14 points paced the Eagles' attack and was the lone Frederic player in the double figures. Jack Smith added 9, Steve Olson 7, Paul Bradstreet 9 and Ben Redman 5. Dillion with 10 was Ellsworth top scorer.

On Friday night, the Eagles showed a good first half but melted in the final two periods before a determined Bellaire attack to lose 66 to 46. Frederic jumped off to a 14 to 12 edge and needed it to 29 to 20 by halftime. However, the loss of two players via the foul route in the third period coupled with a touch of overconfidence did the Eagles in as Bellaire scored 24 points in each of the two final periods while the best the Eagles could do was 9 and 8 points respectively. Steve Olson with 14 and Bill Johnson with 10 hit the double figures for Frederic. Ben Redman hit 10 with Ron Morten coming up with 6, Jack Smith 5 and Paul Bradstreet 2. Cook with 20 was high for the victors, as they won 68 to 46.

On Tuesday night, the little Eagles were behind 8 to 3 at the end of the first period and by 12 to 12 at halftime. Ellsworth's reserves scored 13 and 3 in final two periods while the Eagles came up with 8 and 7 points respectively.

Gordon Armstrong with 10 was the lone Ellsworth scorer in the first half. Frank Weaver and Fred Allen canned 5 each with Mitch Thompson hitting for 3 and Ben Pratt adding 2. Taylor with 11 was high for the winners as they took the game 34 to 25.

Friday night, Frederic trailed 18 to 9 at the end of the first period, and by 35 to 17 at halftime. Bellaire outscored the Eagles 11 to 1 in the third period with each team hitting for 16 points in the final stanza as the Bellaire reserves wrapped it up 62 to 34.

Weaver and Thompson with 10 each topped the Frederic scoring. Midkiff came through with 5, House 3, Pratt 3, and Allen 1. Cook and Bailey with 14 each were high for the Bellaire reserves.

Frederic School Considering Six Man Football

The Frederic Community School is considering fielding a six man football team this year to compete with other schools in the north who play the abbreviated grid game.

The main stumbling block at the present time is finances. At least \$350 is needed to purchase helmets, shoulder pads, shoes and other equipment in order to field a team.

The money must be in the school's hands by March 1st in order that a schedule can be made out for next fall. The student body of the school have issued an appeal to parents, residents and sports fans in their area as well as county-wide to send in donations to "Football Fund"—Frederic Community School. It is planned to have a bronze plaque in the trophy case at the school engraved with the names of all of those who helped out the cause.

The March 1st deadline must be adhered to said Dick Ebert, Frederic School Superintendent and coach. By that date, Frederic must state games for the fall of 1959 or other six man teams will have their schedule full.

Grayling Boy Skiers Win Tri-City Meet

The Grayling High school boys' ski team won the tri-city meet between Grayling, Gaylord and Atlanta, held Thursday, February 5th, at the Grayling Winter Sports Park. Team totals for the meet which comprised a downhill run and slalom run as in other meets were Grayling, 361.5 seconds; Atlanta in second place with 387.2 seconds; and Gaylord in third place with 389.8 seconds. D. Yurack of Gaylord was in first place in both downhill and slalom, Grayling's Bill Weaver was in second place, Bill Koerber in fourth place, Russell Gust in seventh place and Bill Knight in 11th. The Grayling girls' ski team was disqualified from the meet when Kay Warner twisted her ankle in a practice run before-hand, making her unable to participate, and since there were only three girls on hand for the meet, the required three were not available. Atlanta girls' team placed first with a team total of 815.5 seconds for downhill and slalom runs. Gaylord second with 323 seconds for the same.

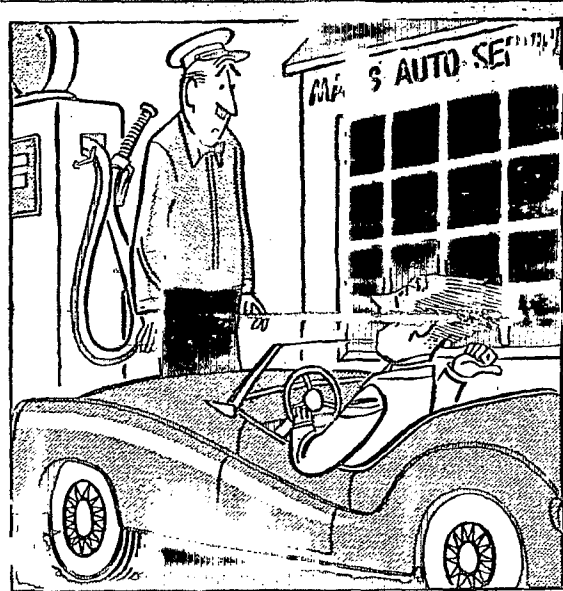

The meet which was to have been held at Caberfae last Saturday was canceled. Atlanta, Cheboygan and Grayling were to meet this Wednesday, February 11th, at Sheridan Valley at Lewiston.

What can we say to a "speed artist" like this? First, that it's better to get there a little more slowly than maybe not to get there at all. Next, we'd strongly urge him to have his car checked here to make sure that "everything is under control."

State Planning For Youth Camps

CAMPS FOR YOUTHS as the first major step in preventive criminology are being planned in Michigan.

They will not be for the boy who is already in trouble with the law, but for the neglected and aggressive lad who is a potential menace to society.

The idea came out of a committee on juvenile delinquency headed by Rep. Harry DeMaso (R-Battle Creek) which held a series of hearings on the subject last summer.

At the start of the 1959 legislative session, Rep. E. D. O'Brien (D-Detroit) introduced the measure to set up a pilot camp for 60 youths.

The pattern is taken from the Civilian Conservation Corps (CCC) program of the depression era when young men found themselves with time on their hands and no jobs.

Changed slightly to fit the needs of modern youths, the camps would be for those whom probation judges feel should have a change of environment before their existing circumstances cause them trouble.

Other plans of the DeMaso committee include a "family court" to gather together all the social problems of a family for solution together.

As many as six or seven different court systems and jurisdictions now are used often on the same family. Often the problems of the parents are interrelated.

Your Procrastination
Is Stealing Your Time

What constitutes a newspaper? A lot of hard work! From the lead pigs that are constantly being melted and made into type by the linotype machine - to the finished product that rolls off the press Wednesday morning.

1675 copies that require many more hours of labor by a staff of experienced workers, before they reach their destinations, locally and all around the globe.

So, the paper comes out on Wednesday, and that leaves five whole days before the next issue is due. Sounds like a real snap, doesn't it? Five days in which to prepare ads and compile news.

Why all the rush?
Well - suppose Suzie, for example, is planning a mid-February wedding. By the end of January all arrangements have been made. "The state is set" - and the following month the nuptials are performed, as scheduled.

Does she have the information for her wedding write-up compiled? Yes! Does she drop it in the mail or otherwise see that it is delivered to her local newspaper, while her wedding is still "news"? No! The bride and groom embark happily on their honeymoon - the average, from one to two weeks - and then return to the routine of everyday living and decide that they definitely would like an article, giving full details of their wedding ceremony, to appear in the paper. The paper likes that, too, their reputation is one of public service. So when do they receive the information, on Thursday, Friday or Saturday, allowing the copywriter ample time to do it some justice? No, on Tuesday afternoon, when the paper is ready to "go to bed" and all the other held-over news is coming in. Well, by that time, according to the grapevine, everyone already knows about it anyway. Still, the soapwrapper is very obliging.

That was yesterday. After forty years, even the copywriters deserve a break. Today, if Suzie submits the information on her Saturday wedding by Monday, the newspaper staff and John Q. Public will smile upon her - if she brings it in a week later, she'll still get their smiles - their sympathies - and their blessings.

The Avalanche is a weekly publication. We, too, have our "Suzie's" and they come from every walk of life - An ad that could have been phoned in Friday afternoon. A party that was held on the 10th is brought in on the 18th - A meeting was held Monday afternoon, the publicity chairman remembers us late Tuesday evening. "Why do today what you can put off until tomorrow?" Ask us, we'll tell you.

with those of the children. Sending a boy to Boys Vocational School or to prison for a crime might solve the immediate problem without doing anything to remove the cause.

The family court idea is expected to run into legal problems in the presently exclusive jurisdiction of probate courts over youths through their 18th birthday.

The question is whether to give circuit courts more jurisdiction over younger offenders or give probate court more jurisdiction over older youths.

Meanwhile, the state's prisons are getting more and more crowded.

The Michigan Crime and Delinquency Council estimates there will be a 30 per cent increase in prison population by 1970 unless a greater emphasis is placed on parole and probation.

The state now has 10,500 prisoners and the budget for operating the system last year was \$15,000,000, not counting the millions spent to keep families of inmates on welfare rolls.

This total cost will almost double by 1970 unless the system of preventive penology is altered in Michigan, the council said.

WASHINGTON REPORTS indicate that Senator Philip A. Hart is going to be independent of the Democratic majority leadership.

One report told of Senator Hart getting a private and friendly lecture from a veteran in the Senate, to the effect that freshman lawmakers can make or break themselves easily.

"Don't count on me," Hart was quoted as replying.

Hart showed a little of his independent streak in Michigan when, as a protégé of Gov. Williams, he served two terms as lieutenant governor.

There was some talk of dissent

during his last two years.

STATE PARK FEES will be proposed again in the 1959 legislature.

Gov. Williams vetoed a \$2 a year park fee once because, he said, the \$1,500,000 estimated yield was intended by the Republican legislature to erase the need for additional appropriations.

Legislators say the plan this year will be a \$2 sticker for a full season, or 25 cents a day for those who do not want to pay the price for the full tag.

State parks got nothing for expansion, improvement and additional land acquisition.

Budget Battle Significant . . .

Many a no-holds-barred conflict is in prospect for the current Congress. None, it is safe to say, will produce more shot and shell than the pending battle of the budget.

Mr. Eisenhower stands back of a budget of approximately \$77 billion which, it is expected, would be equal to about equal to revenues, and might even produce a small surplus. But there are many dissenting voices in Congress, who regard this figure as totally inadequate, and believe that federal spending must be fixed at a much higher level, even though great deficits result.

The battle will not be fought out along straight party lines by any means. The Republican Party contains Senators and Representatives who favor much greater spending than the President is willing to accept. And, on the other side of the aisle, the President will have the support of economists within the Democratic Party. These consist principally of the Southern Conservatives, of which Senator Byrd is the leading spokesman on money matters.

A comprehensive survey of the situation is provided by Albert Clark, writing in The Wall Street Journal. He says: "There's no doubt that Mr. Eisenhower, as of now, fully intends to keep up his budget-cutting drive." The budget issue, in his mind, is second only to that of war and peace.

Mr. Clark cites reports that the President intends to dramatize threatened spending rises in terms of inflation and taxes. Very few of us can visualize billions of dollars, much less relate them in any conclusive way to our comparatively small problems and affairs. So, the news goes, Mr. Eisenhower will spell out what government spending means to the average family in terms of higher taxes. Then, in Mr. Clark's words: "He'll also attempt the politico-economic feat of making voters conscious of what higher spending might mean in higher prices at the corner grocery or at the clothing store."

What are the debits and credits the President faces in his campaign to hold spending down? On the credit side is something that even his strongest critics admit that he, personally, commands a vast amount of public support and admiration. On the debit side, two facts are particularly obvious. Mr. Eisenhower is the first President to be legally barred from seeking reelection and this, some think, is a great weakness. Secondly, he must deal with the most heavily-weighted Democratic Congress in many years.

Also, Mr. Clark reports that the President's official

VALENTINES TO . . . HIS FIVE KNOWN

family is not entirely agreed on policy. One top group, led by Mr. Nixon, has ideas of its own. Furthermore, "What Mr. Nixon has been — and probably will continue — trying to do is to develop a philosophy and stature in his own right that is independent of the President." It is, obviously, essential that Mr. Nixon do this in one way or another if he is to get the Republican nomination and have a fair chance to win in 1960. At any rate, Mr. Clark quotes an insider as remarking: "The President does not start the year with a united family."

We will soon see which way the coin falls. The certainty is that the President's position on fiscal matters has stiffened. He is no longer as willing to compromise as he used to be. And the explanation for this change is a compelling one. As Mr. Clark sees it: "He faced the prospect of leaving a record of increasing spending, mammoth deficits, rising Federal debt, inflation, higher taxes and possibly even wage and price controls."

One more point, also reported by Mr. Clark, is significant. It casts another light on the present Eisenhower position. An official summed it up thus: "I think he has decided that unless he holds the dike, no one else is going to."

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

February 13, 1936

Tuesday night, the first packed house in four seasons, saw a "flashier" than ever Grayling five down a "tough as ever" Gaylord quintette to the tune of 23-12. Gaylord brought approximately two hundred supporters with them and had nearly as strong backing as the locals. The first and second quarters were nip and tuck affairs with the lead changing hands several times. Coach Cornell untied an attack in the third stanza that surprised the Top of Michigan squad and it was in this go that they won the ball game by scoring 10 points to 2 for the visitors. Gaylord's second team emerged victorious in a scrap with the local reserves by a score of 18-10. S. Jorgenson scored all but two of Grayling's 10 points. Joseph accounted for the other tally.

The first basketball championship of the season is ours! An that is none other than the championship of the Northern Michigan Class C Conference. East Jordan, unable to come last Tuesday night because of cold-weather, forfeited their game and made Grayling undisputed champs with nine wins and no defeats. At Boyne City one of the other northern cities a banquet is to be staged and at that time a trophy is to be awarded the locals.

Saturday evening, February 8, Miss Ann Christenson, daughter of Mrs. Conrad Sorenson, became the bride of Mr. Stanley Owens, at a very pretty ceremony performed by Hans Peterson, justice of the peace. The marriage took place at 8:30 o'clock at the Peterson home. Following the ceremony the bridal party, consisting of thirteen guests, gathered at the

dining room of the Fischer hotel where they enjoyed a nicely appointed lunch, with Mrs. Sorenson presiding as hostess. Decorations were carried out in colors of pink and white.

The people of Grayling are again to be favored with a presentation by the Robinson Dance Studios of Traverse City when "The Jazz Regiment" a sensational musical Kiddie Revue, will take place Friday night, February 14th, at the school auditorium. Last spring the talent was brought here from Traverse City. Now it is different; our own kiddies will put on the program. The local children having part in the program are as follows: Mary Jean Joseph, Billyann Clippert, Betty Sparkes, Jean Wright, Beatrice Peterson, Virginia Peterson, Laura Johnson, Ruth Burrows, Patricia Roberts, Eleanor Bugby, Shirley Young, Patricia Montour, Emily Gieseling, Sue Gieseling, Burton Peterson, Jane Ann Martin, Donna Kinne, Barbara Borchers, Guinevere Trudeau, Monica Hewitt, Jane Milnes, Nell Welsh, Bob Welsh, Roberta Redhead.

T. P. Peterson and brother Arloph were in Bay City Friday on business.

Mr. and Mrs. Frank Ahman enjoyed a visit Monday from their daughter, Mrs. James Richardson of Roscommon.

Mrs. Russell Pope and daughter Natalie of Bay City were guests of Mrs. Marguerite Bauman Sunday. They came up for winter sports.

Miss Jean Peterson, of C. S. T. C. of Mt. Pleasant, spent the weekend visiting at her home. Mr. Peterson drove down to accompany her home.

Miss Lorraine Sharp, of Saginaw, spent the weekend visiting her mother, Mrs. Conrad Sorenson, at the wedding of her sister.

naw, spent the weekend visiting her mother, Mrs. Conrad Sorenson, at the wedding of her sister.

Mr. and Mrs. Earl Dawson enjoyed a visit Sunday from Misses Beryl and Nadine Polaris of Detroit, who, with several of their friends came up to enjoy the winter sports activities. They report a very nice time.

Brad Jarmin of Clare was here to spend the weekend at his home. Saturday, accompanied by his mother, also Miss Pauline Lietz and George Lietz, he drove over to Traverse City to take a civil service examination.

Miss Elma Mae Sorenson entertained the girls of her club Tuesday evening. The evening was spent informally as usual, except that this occasion was a valentine party. Valentines were exchanged and a dainty lunch was served amidst holiday decorations which were very nicely carried out. The girls voted to change the club name from the G. G. S. C. to the "Just Us" club. The next meeting will be with Miss Mildred Hanson.

Mrs. Mary Dunlop of Detroit came on the snow train Sunday and visited her sister, Mrs. J. L. Martin.

Mrs. Gordon Pond left Sunday for Detroit to spend a couple of weeks visiting her mother, Mrs. George Woods.

Sunday, Mr. and Mrs. Clarence Gross and daughter Sally were guests of Mrs. Gross' sister, Mrs. Stuart Rutledge of Roscommon.

Roy McEvers, accompanied by his mother, Mrs. McEvers, and aunt, Mrs. Belle Lancaster, spent the first of the week visiting his sister, Mrs. Irving Towns, at Pontiac.

The ladies of the Friday-Club were entertained last week at the home of Mrs. Ben Pankow. As usual the members, and their guests enjoyed playing games, following which they were served a lovely lunch by the committee in charge. Prizes were won by Mrs. James Sherman, Mrs. Floyd Taylor, Elmer VanNatter, and Mrs. Carrie Feldhauser.

There was no school at Frederic on Thursday and Friday of last week due to the fact that there was so much snow the school bus was unable to make its trip. School was resumed on Monday however, although the bus was unable to travel some of the cross roads of its trip. Classes were all small and we hope all can be in attendance soon. We also hope no more severe blizzards sweep through this country for a while.

Fire was discovered burning a hole in the roof of the Harold Skingley home early Friday evening. The fire department was called and the flames quickly extinguished. The fire evidently caught from a spark that flew from the chimney nearby. The damage was slight.

At a recent meeting of the stockholders of the Grayling Box Company it was voted to change the name of the ownership to Grayling Lumber and Supply Company. T. P. Peterson continues as general manager and secretary-treasurer; Esbern Hanson, president; O. W. Hanson, vice-president.

The fire department was called to the home of Mrs. Florence Wakely Saturday shortly after the noon hour. Detective writing had caused a blaze in the hood of a truck belonging to John Wakeley and although very little damage was done it was thought best to call the department as a precaution.

Next Saturday it will be fifteen years since the battleship Maine was blown up in Havana Harbor.

The coldest night on record this season, at this place, was reported last Monday morning, when the government thermometer recorded 19 degrees below zero. Previous to that time the coldest record was 6 below zero.

Word has been received here that the trustees of the famous (David) Ward estate, carrying with it the famous timber holdings in Michigan and California, have decided to close up the estate and sell the timber. This has been decided on as the quickest way in which the heirs can agree as to the division of the estate.

Joseph N. Failing of Washburn, Wis., is here as a guest of his brother, A. B. Failing, also his father, John C. Failing of Beaver Creek. It has been about eight years since Mr. Failing has visited Grayling. He expects to leave for Tacoma, Washington, to take charge of one of the departments of a large dynamite factory.

Biscayne 4-Door Sedan shows the Fisher Body beauty of Chevrolet's lowest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas — up to 10% more — and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But — whether you pick the Hi-Thrift 6 or a vim-packed V8 — this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

Michelson Memorial Church News

Miss Harriet Palmer, Director of Christian Education for the Saginaw Bay District, was guest of the church this past Sunday, touring the new building, visiting church school classes, addressing various groups and interviewing church school personnel. She spoke briefly during the morning worship service concerning the Methodist program of Christian Education.

In recognition of February 8th as Boy Scout Sunday, a fine group of Cubs, Scouts and Explorers, many of them in uniform, sat in a group with their scoutmasters. It was most appropriate that Scout Sunday was observed on the same day as Methodism's Race Relations Sunday, since few groups have worked as long, as faithfully and as successfully in the cause of race relations and world peace as the Boy Scouts of America.

The first of this season's Union Lenten Services will be held on Wednesday (today) at 7:15 p. m. Junior and Senior High School

students will be excused from classes to attend these interdenominational services, and all are welcome.

The annual Father and Son night of the Methodist church will follow the regular potluck pattern, with each member bringing his son or another boy to the 6:30 affair.

The adult World Day of Prayer Service will be held in the sanctuary Friday at 2:00 p. m. It will be followed by the Children's Chapel at 3:15. Again, these are all union services open to all Christians, regardless of denomination.

Which Industry Now Betters the Living of 3 Out of 4 Michigan Families?

...Here Are Some Surprising Facts About The Trading Stamp Industry

So far, whenever our nation's economy has needed expansion, a new industry has sprung up to help the country go ahead.

The automobile industry, employing millions, was followed closely by the development of radio and radio broadcasting to make more millions of jobs. Then came the airplane industry, air conditioning, plastics, television, frozen foods, to change our lives some more.

The trading stamp industry, while not new, belongs to this expansion group and has been one of the fastest growing of all. Today it betters the living of more than 3 out of 4 Michigan families who save trading stamps.

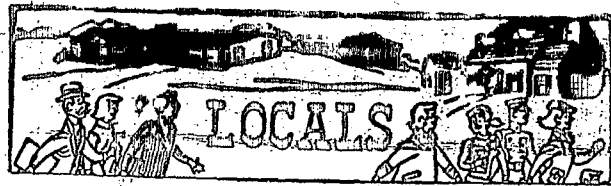

Obviously, an industry affecting such a large proportion of Michigan's population must bring far-reaching benefits for Michigan's economy. And it does.

In 1957 the trading stamp industry bought \$9,816,000 worth of products from Michigan's manufacturers. In one way or another, it provided employment for 1,016 Michigan people in many different industries.

The people in the trading stamp industry, its merchandise and redemption stores, its warehouses and transportation and all the activity that goes on within it are integrated economically everywhere within our state.

Thus it seems plain that the trading stamp industry along with the 1,690,000 Michigan women it serves has become, like other expansion industries, a living, vital segment of Michigan's economy.

He was so well received that the PTA hopes to have him back for another talk.

LESABRE, the Buick
you can own
for only \$200 more
than the best models of the leading low-priced cars . . .

This is in no way a "stripped" car you're looking at. Come in and study the manufacturer's suggested retail price of a Buick LeSabre like this, equipped with Twin Turbine automatic transmission, radio, heater, white sidewall tires, and anything else you want in your next car. Then do the same to the top models of the leading low-priced three, and you'll find the statement above stands up.

What a difference for only \$200!
Now think how much more you'd enjoy a Buick. A comfortable, substantially built automobile. A car with the finest ride in all Buick history. A car with Buick's exclusive fin-cooled brakes, and the smoothest type of transmission

money can buy. A wonderfully quiet and greatly respected car!

Owners report QUALITY outstanding
Your money in a Buick today puts you in on the ground floor of what promises to be a long new time of leadership for Buick cars. "My sixth Buick and the best I ever owned!" "Best-operating car I've driven in thirty years!" "Much the best Buick yet!" Reports like these mean extra pleasure in your Buick ownership . . . and they mean hard dollar value when the time comes to trade. It all adds up to the best proof in 50 years that: "WHEN BETTER AUTOMOBILES ARE BUILT, BUICK PEOPLE WILL BUILD THEM!"

New in gas economy, too!
In planning the '59 Buick, the new Wildcat engines, transmissions, and axles were all engineered to work together for greater gas mileage. Across the country owners tell us they are getting 15 to 20 miles per gallon in the '59 Buicks. And in a recent thorough test of Buick LeSabre against another car of comparable size and a good reputation for economy . . . the Buick won in every case under all kinds of driving conditions. So we think we've got a new kind of value in this Buick LeSabre. And we suggest you go to your Quality Buick Dealer's and see whether you agree before you buy a new car.

At the February 4th meeting of the Grayling Sportsmens Club it was decided to hold installation of the new officers at the March 4th meeting. New officers elected at the January meeting are President, Leon Rochette; vice-president, Claude Lytle; secretary, Dick Rasmussen; treasurer, Joe Hull. The new directors are: Jack Anderson, Al Wolahn, Earl Madsen, Matt Edson and Sam Bailey.

The club's deer feeding program is being kept up. An interesting side light on it is that there are a group of deer who feed right in front of the clubhouse each morning and evening, on hay which had been left outside on delivery because the building was locked.

A building progress report was given, and Earl Madsen reported on the M. I. C. C. meeting held at Higgins Lake January 25th. Earl Burns was winner of the first door prize, a \$100 savings bond. Second prize was won by Bernard Fowler, a \$50 bond, and third prize was won by George A. Moore of Gaylord, a \$25 bond.

Mrs. Bertha Dannenberg left January 25th to visit her son Jim in Texas and take his car to him. She was accompanied as far as Bentonville, Arkansas, by Mrs. Ted Callahan who is visiting her parents, Mr. and Mrs. J. C. Harris until March 1st.
